Knows nothing of jobs - use paints, solvents

Diesel / strong chemical smell

1/2 mile from natural - just off I-35

Natural - drain to ditch, then to lake
- they cleanup their problem fast,
did nothing for her.

Jar of water turned red/purple

9/17/81

Pam →
- contacted end of August
- nothing they can do

→ Went to Armas Steel - National Supply
drums
- paint thinners & solvents
- recommended they control runoff
from barrel area

Took sample end of office
BOD, TOC, oil & grease

→ Our sampling OK

[
I think was a solvent spill
- Nat Supply giving no info
]

Wants something done

Pecan Creek

→ probably to Lewisville

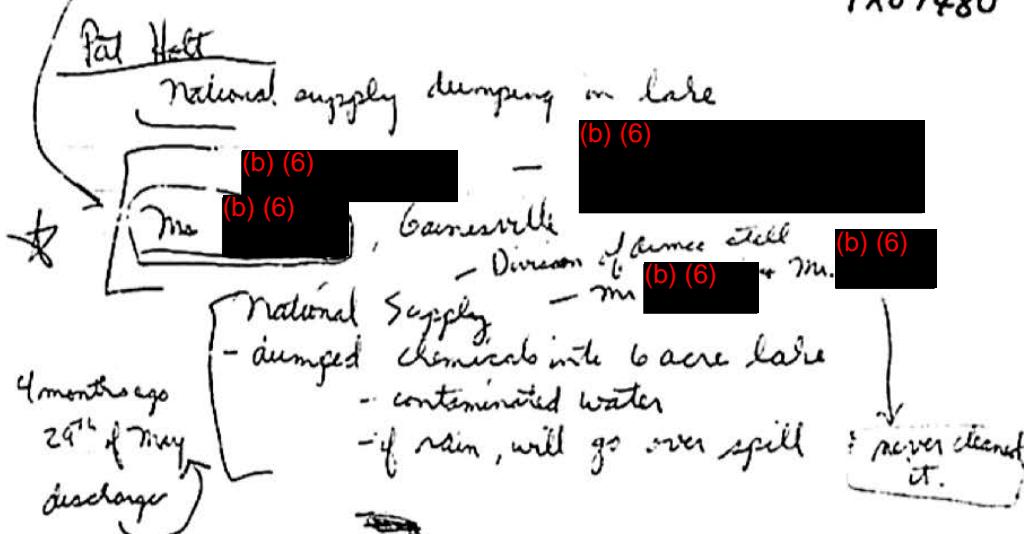

148 + 11817 - 5 - 19

TX07480

9/17/81 — 11:25 — to Dennis Gould

They say she can't prove

- doesn't know what contained
→ - toxic fumes - believed to be
→ - nearly passed out (drilled a tree overnight) never
very samples (passed out)

Filled their own pit with sand, covered

Has got runaround

Cattle fenced off from Lake

- when rain, will flow across pasture SUPERFUND FILE
